El Don picks ten best news stories for past year

Following a year of many important developments affecting Santa Ana Junior college, the staff members of El Don this week selected the ten most outstanding stories that "broke" on the campus in 1945. Unanimous choice for first was the passing of the bond issue. Following is the complete list of the ten BEST:

1. October, 1945; Passing of the bond issue by a three to one vote, assuring students of a million dollar plant in the near fu-

2. January, 1945; Trustees ordered the purchase af 45 acre tract for new junior college site.

3. December, 1945; Don "Letter-of-the-Month" discontinued due to number of men discharged and constantly changing addresses of those still in the service.

4. November, 1945; Dons stopped Fullerton 7-0 to annex Eastern conference grid title in Thanksgiving game.

5. April, 1945; Miss Mabel G. Whiting, registrar here since 1929, resigned her post to confine her work to the mathmatics department.

6. June, 1945; Santa Ana Junior College completed thirtieth year.

7. May, 1945; Jaysee students sell almost \$60,000 worth of victory bonds.

Memorial changes first architectural plans

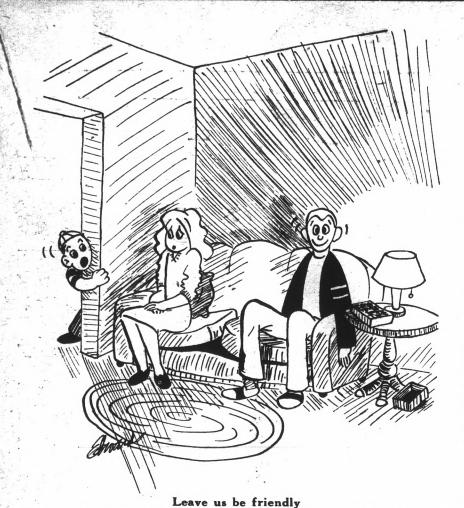

Revision of the original plan to connect the library and the administration buildings on the new junior college campus has been made as a result of the probable dedication of the library as a memorial to the 83 servicemen from Santa Ana junior college who gave their lives in World War II, it was learned today.

Response of alumni and students through opinion polls favors the library as a suitable building for a memorial and the architect is now working on a possible building set-up allowing for this change.

Eastern company takes bonds

Halsey Stuart and Company of Chicago recently took \$994,000 in junior college bonds, as this eastern firm placed the highest offer on the lowest yield basis at which municipal bonds have been sold in local school history, a 11/4 interest rate. The bond semester day school will be available to students next Monday awards was completed by the Orange County Board of Education and the bonds are able to students next Monday, acstipulated for the construction of a new junior college. The date set for the termination of the transaction is 1966.

You're in on this too

Having a say in the running of your government, whether it be school, state, or national, is a privilege and a duty. One of the most important factors in a democracy is the right for people to choose their own leaders. That right is insured here at jaysee by holding Associated Students elections every semester. Every student has an equal chance to obtain an office and you may vote for whom you please.

This voting privilege, however, should not be abused. Study the qualifications of each candidate closely, and be down. sure that the one you vote for is equal to the task. Do not necessarily vote for one of your friends, but vote for the person best suited for the job.

Choose wisely

Primary elections will be held Jan. 23. You will then have a chance to prove yourself a competent voter, capable of selecting your school officers for the coming semester. But remember, choose wisely. Make your choice at Annapolis. carefully, and support him or her throughout the campaign. And, then, no matter whom you vote for, be sure to cast your ballot, Jan. 23.

If you do this, Santa Ana jaysee will have a student government composed of competent dependable people, who will be working for you and for the advancement of

our college.—D. McD.

We have another example of mocracy. It has merely become War Department bungling and a slogan, propaganda, no more, to broken promises in the deplorable the great collective industrial picture of thousands of G. The best races, two helicopters for every of bungling bureaucrats to do would be to stop making promises because there is no assurance that they will be kept.

On second thought, the best thing for the whole War Department to do might be to fold up and go home. How much longer are the American people going to put up with this sort of thing? It is certainly pathetic that the largest, most magnificent fighting force in the World should become a demoralized, stranded mob meeting enmasse to demand that the country they fought for keep its promise, and allow them to return to enjoy the fruits of that which they struggled so hard to achieve, and for which many of their comrades gave their lives. No doubt that this affair will enhance the standing of America in the eyes of the World, and will strengthen the faith of these misled and cheated soldiers in the United States.

Paul signed up in May '43, and was called to active duty in August the same year. He went to Jacksonville, Florida for boot camp training, and was later assigned to the operational base at Jacksonville, as a gunner on a TBF. His squadron, VTB-4, was flying submarine patrol over the Atlantic and the Carribean.

After eight months of this, during which time the squadron got one sub, one probable, and a lot of whales, Paul was selected for flight training. He was sent to Colgate University at Hamilton, N. Y. Two weeks before he was due to receive his commission; his discharge came through, and on Oct. 2, 1945 he was a civilian Paul Myrehn Speaks of Experiences

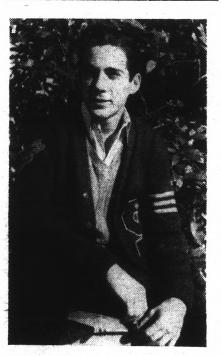

Submarine patrol for the most part is a monotonous routine, but but it does have its little moments now and then as Paul particularly remembers the time they couldn't

land, and had to fly around in circles for three hours waiting for a storm to blow over. When they landed there was just enough gas left for 15 minutes flying time. Most memorable occasion for him however was listening to the world series while crouched in the turret of his plane on patrol.

Paul said that they were not bothered by flak, as all of their targets stayed submerged. The toughest part was making contact via radar, and then running them

The most enjoyable time of Paul's hitch was while he was stationed at North Carolina Pre-Flight. He was a quarterback on one of the finest service teams in the country that year ('44). Preyear, and on the credit side, knocked over the Naval Academy

A prediction: Bob Fletcher or Stanley Gorzuchovski (pronounced Guz-a-huff-ski) will be elected for ASB president.

In child psychology class Wednesday night a problem was asked of Dr. Katz. A woman wanted to know what to do with an overly intelligent child. Before Dr. Katz could answer, someone figured the problem out and said, "Put the kid on a quiz program".

Don Sport Talk

by Dick Reish Sports Editor

Passing over the subject of basketball, let's take a look at the possibilities of spring sports at Santa Ana jaysee. As most of you probably know, these have been the hardest hit by war of any of our sports. Most years the Dons manage to stagger through foot manage to stagger through foot-ball and basketball all right, but by the time spring and the new se-mester rolled around, there just weren't any boys to be had for sports—the army had them all. But now, with a little backing, things might be different this year.

The fastest rising sport in the country is swimming, and, as nearly everyone on the campus can swim, I'm willing to bet that a pretty fair aquarian outfit could be dug up. Some of the fellows, like Gene Cairns, Bill Scott, Wendell Losh, starred in high school in swimming and diving. Turk Dennis takes a dip nearly every day, and if Stanley Gorzuchouski is a life guard, he should be able to swim.

Now Look at Tennis Donald Ragsdale, a former Orange student, was one of the county's outstanding racquetmen last year, and, after laying off for a while, he says that he is better than ever now. Surely there must be a few other former high school netters floating around the campus some where. Ragsdale could probably look a few up in no time at all. And we have a tennis court

As for the cinders, the school boasts a good pair of hurdlers in Chuck Schlegel and Don Vaughn, smallest and largest men on our late gridiron squad respectively. And there must be someone who can toss the shot among all these big burly brutes that swagger around the campus. And probably a couple of marathoners, also.

Bringing to close a semester of activity including pot luck suppers, basketball games with Fullerton J. C., and Mexican dinners at La Fonda, W.A.A. members will meet for dinner and a show on Co-captain Bill Neth of the championship Don football squad was awarded the Elks club gold

Letters are won on a point basis by those who worked hard, showed good sportsmanship, and attended meetings regularly. The group is under the direction of Mrs. Shirley Bradisse, women's physical education instructor.

"We hope to see a lot of women out for W.A.A. next semester so that we may have an even more active program," President Becky Franklin declared. The meeting on January 24 will be open to all The meeting women interested in W.A.A., according to Secretary Vivian Thomson, and a program has been arranged for the visitors.

League Game Postponed

Santa Ana's first league game with San Berdoo, scheduled there for tonight, has been postponed because of the Modesto tournament. First game will be at Riverside next Friday when the Dons face a powerful Bengal five.

Local Athletes Oppose Placer J. C. In Tournament

Breaking into the 1946 basketball schedule with volume uncertain strength, Santa Ana's Dons will face an equally uncertain Placer Junior college five in their initial start in the Modesto tournament, now being played. Their chances are very slim of coming out with any kind of award, but the games at Modesto will at least give everyone an idea of the strength of the Don hoop squad.

Starting lineup for the Dons will be Jim Osterman, former Tustin star and the sparkplug of the team, and Iowan Don Davis in the forward positions, with lanky Don Rehm, of Santa Ana, at center. In the guard spots will be cember 1944. His parents, Mr. Gene Scarbrough, from Orange, and Mrs. N. P. Roussos, live at and Arnold Metzger, another Jay-Gene Scarbrough, from Orange,

Special Message To All Young Folks and Parents

The Management of Santa Ana Rollercade sponsoring these dances is especially interested in offering clean and wholesome entertainment and recreation to our young folks here in Santa Ana. We are very much opposed to entertainment or recreation for young folks where intoxicating beverages are permitted to be sold or consumed, nor do we allow anyone in our premises who is under the influence of liquor.

We have just completed 15 month's of successful operation of our Roller Skating Rink and have during that period enjoyed an excellent reputation. Our dances every Wednesday night are an added feature and will help to find entertainment and recreation for the young folks who do not skate. Come down and dance with nice people on a well managed floor. Parents are invited to visit with us without charge.
